

A Boom is not necessarily a loud noise.

At Coast Crane, we understand lifting equipment and what it can do for you. We have the commitment, experience, specialization and innovation to insure all your lifting needs are met by providing the finest equipment in the Industry, all backed by the most extensive support network in the Western United States.

Whether you need to rent, buy, get parts or have your unit repaired, we can do it. Because, at the end of the day, our business is, and for nearly 40 years, has been "booming."
